STOCK ADVANCE CAUSES EXCITEMENT

Strike Rumored in Tonopah Mining Diamond Drill Workings

ENGINEERS ARE FORCED TO JOIN STRIKING MINERS

By Associated Press.
PITTSBURG, Kan., May 9.—Eight hundred striking miners, mostly foreigners, it is said, under the leadership of Americans, attacked the mines of the Sheridan Coal company at Filled, near here, today, drove the engineers and pumpmen from work and extinguished the fire under the boilers. The mob then visited the mines of the Chapman McCormick Burnett Coal company's mine No. 38, of the Central Coal and Coke company and pursued the same tactics.

This is the third raid made on the mines in this district since Friday. There are no miners working in these mines but the strikers became incensed because the engineers and pumpmen continued to work.

THREE SAILORS LOST IN CHINESE WATERS

By Associated Press.
WASHINGTON, May 9.—Three enlisted men of the gunboat Villalobos, in Chinese waters, have been missing since May 4. The commanding officer in reporting the fact to the navy department today expressed the opinion that they were drowned off Changsha. No details of the account are given.

TAFT CONFIDENT THAT RAILROAD BILL WILL BE PASSED

By Associated Press.
PASSAIC, N. J., May 9.—In a speech before the Passaic board of trade tonight President Taft declared with emphasis, amid an outburst of applause, the railroad bill had not been emasculated in any vital way, and predicted a satisfactory law would be passed. "The bill," said the president, "still retains the important features, and I am hopeful that within the next few weeks we shall see the passage of the bill in both houses, and an adjustment of the differences between the two houses before its final enactment." In a review of

NYE COUNTY GRAND JURY IS IN SESSION

ROBERT L. PROUTY IS APPOINTED FOREMAN OF INQUISITORIAL BODY.

The grand jury was empaneled yesterday morning and immediately held a secret session which was devoted to talking over preliminary matters. No move was made toward investigating the criminal cases that demand attention and it is possible that it will be several days yet before this is taken up. The inquisitorial body adjourned during the afternoon until this morning when the work proper will commence. The seventeen members of the body, of which Robert L. Prouty was appointed foreman, are as follows:

E. G. Osborne, Pete Petroni, Leon Kind, William Hunter, John Hausam, E. E. Palmer, of Beatty, J. P. Brissell, Nick Kosich, Robert L. Prouty, John Clendenen, J. C. Peck, J. B. Giffen of Manhattan, W. J. Stock, Alex C. Smith, W. I. Bray, Joseph S. Norris and Ralph Wardle.

As soon as the jury was empaneled Judge Averill read the report as made by the last grand jury and made special mention of the investigation of the Nye and Ormsby county bank, which the former body recommended that their successors would investigate thoroughly.

PYTHIAN SISTERS GIVE ANNUAL BALL TONIGHT

Everything is in readiness for the first annual ball to be given this evening at the Miners' Exchange hall by Argenta Temple No. 10 Pythian Sisters. The committees have been hard at work for the past week and all the little details have been carefully looked after.

LOGGERS FIGHT DUEL WITH KNIVES TO THE DEATH

By Associated Press.
REDDING, Cal., May 9.—Ghastly evidence of a duel to the death was revealed today when the dead bodies of two men, both bearing fatal knife wounds, was discovered near the railroad track between Galle and Edgewood, in Siskiyou county. The bodies of the men were about a thousand yards apart, indicating that the men had fought until death for each was near, and then separated. Judging by the dress both were loggers.

ROOSEVELT TO REPRESENT U. S. AT KING'S FUNERAL

By Associated Press.
PASSAIC, N. J., May 9.—President Taft in all probability will designate Roosevelt as the special ambassador to represent the United States at the funeral of King Edward. He said tonight he would take the matter up with Secretary Knox upon his return to Washington.

JEFF'S GROUCH MAY BE DUE TO OVER TRAINING

By Associated Press.
BEN LOMOND, Cal., May 9.—Jeffries put up a poor show in the gymnasium today. Compared to the work of last week he was slow of eye and foot and the spectators, which included Promoter Tex Rickard and Jeffries' father and brother were disappointed. To make matters worse, the grouch which Jeffries displayed during the early part of the training, returned with double force and the fighter was affable as a gorilla. Seven rounds completed the ring work, the three with Choyanski being feathery, except showing the ex-champion was not up to form. In the last round Jeffries stepped on his own foot and fell down in a heap.

DISSOLUTION OF PARTNERSHIP

We desire to announce that the partnership heretofore existing between R. B. Sorenson and Harald Ravenholdt, in conducting the Midway hotel, has been dissolved. R. B. Sorenson will continue to conduct the business.

Every Local Security Strengthens on Yesterday's Market While Number of Sales Increase.

Has the diamond drill in the Tonopah Mining company struck a ledge?

This was the all important topic of conversation on the streets yesterday and it is the only cause attributed to the big rise in the stock, which sold for \$9 during the day's session of the San Francisco stock exchange. That the market was on the upward trend was evinced shortly after the morning session started, for all quotations showed gains. Tonopah Mining, which closed Saturday at \$7.75 bid, continued to take the lead and at the closing was marked up at \$8.95 bid with no asking price.

Nor was the advance confined to Tonopah Mining. Belmont advanced twenty-five cents and closed at \$3.50 bid, although sales were reported at \$3.67 1/2. The rise in this security is attributed to the strike made in the Belmont shaft Friday. The ledge, which was encountered at a point below the 1,000-foot level, is of good milling grade. The entire shaft is in ore and as yet the workings have not penetrated the body. Progress is somewhat slow but the management is making an effort to push

the work in order to determine the width of the vein. No prospecting work will be undertaken until the shaft has reached the 1100-foot point, which is the objective depth, although it will be continued on to the 1,500-foot point later.

To return to the Tonopah Mining ascension, it was impossible to secure any data on the development of the diamond drill. The bit of the drill, which was lost some time ago, was reported to have been recovered Saturday, but the mine officials would not affirm this rumor. If that proves to be the case, it is possible that a ledge has been penetrated. A porphyry formation was found several weeks ago and this indicated the existence of ore bearing bodies. However, the truth of the reported strike remains to be announced by the company, and if it is true, the news will be forthcoming before very few days have passed.

Extension showed up to a good advantage during the stock transactions and was marked up at a gain of eighteen cents over Saturday's price. West End went up four cents while Jim Butler advanced three points.

SHORTAGE IN SUBTREASURY SHOULD BE INVESTIGATED

By Associated Press.
WASHINGTON, May 9.—Declaring he was sorry the conditions exist in the United States sub-treasury and customs offices at St. Louis, that a congressional investigation should be had, Representative Cullop, democrat, today filed a minority report from the house committee on expenditures of the treasury department. The majority committee reported against the investigation and proposed in the resolution by Representative Shackelford, democrat. Cullop's report reviews the evidence in the cases of \$61,500 defalcation from the St. Louis sub-treasury and of \$8,000 shortage in the customs office there.

"Neither congress nor the public," the report reads, "have ever been fully informed as to the facts and circumstances surrounding either of these shortages. Surely the house ought not to be asked to pass the credit of \$61,500 to Mr. Atkins, former sub-treasurer at St. Louis, without the facts being known, nor it shall appear, not only that Atkins did not himself embezzle the money and also that he gave his time to the personal attention and safeguarding of a vast fund under his control." A bill is now pending for the relief of Atkins for a shortage in his office.

WILL RESIGN COURT POSITION TO BE WEDDED

MISS A. C. MCSORLEY AND H. R. COOKE WILL BE MARRIED IN AUGUST.

Miss Anna C. McSorley, court reporter of the Fifth Judicial district court yesterday tendered her resignation to Judge M. R. Averill to take effect on May 12. The act came as quite a surprise to the court house attaches, among whom Miss McSorley is quite popular, and also to her large host of friends in this city. She has occupied the position for several years and is reckoned as one of the best stenographers for court work in the state. She will be succeeded by Mrs. Bert Gillespie, who qualified for the position several months ago and who will be appointed by Judge Averill.

Along with the news of Miss McSorley's resignation came the announcement of her engagement to H. R. Cooke, a member of the firm of McIntosh and Cooke. The wedding will be solemnized in this city in August. This information proved a genuine surprise to the friends of the couple and both were kept busy throughout the afternoon receiving the congratulations from many well wishers. Miss McSorley will leave for a two months' vacation to be spent with her folks in California as soon as she has concluded her duties at the court house, and will return here for the wedding. Following that the couple will leave on an extended honeymoon through the principal California cities and coast resorts.

JOHNSON HAS STARTED TRAINING FOR THE FIGHT

By Associated Press.
SAN FRANCISCO, May 9.—Jack Johnson did his first training for his coming fight with Jeffries today, and the first day's work consisted of a twelve mile run which he made with his trainers. Johnson announced the boxing program would commence next Sunday afternoon and thereafter for at least two weeks he would box three days a week, Sundays, Wednesdays and Fridays.

CALIFORNIA EAGLES TO CONVENE MONDAY

By Associated Press.
SAN FRANCISCO, Cal., May 9.—The seventh annual session of the state aerie of the Fraternal Order of Eagles will convene at Ukiah next Monday. Grand Worthy President Frank Hering of South Bend, Indiana, will attend the session. The session will be called to order by Dr. C. A. Glovel of San Francisco.

GEORGE V. IS PROCLAIMED KING OF GREAT BRITAIN

By Associated Press.
LONDON, May 9.—George V. was proclaimed king throughout the empire today with all the traditional ceremony of centuries. In Dublin and Ulster the king at arms read the proclamation in the presence of Lord Aberdeen, Lord Lieutenant of Ireland and Lady Aberdeen. The country is now beginning to renew normal life, the king's earnest request being to except the day of the funeral of Edward VII, which is fixed for May 20th, so that national mourning should inflict no unnecessary sacrifices upon the people. Premier Asquith and Reginald McKenna, first lord of the admiralty, arrived in London tonight. King Haakon, and Queen Maud were met at the station tonight by King George and Queen Mary, and the party drove immediately to Buckingham palace. King George in a letter to the theatrical managers expressed a wish that the theaters reopen until the day of the funeral on account of the number of people thrown out of employment by the closing of the houses. This wish will be granted.

In the habit of lavishing presents on the woman of his affections, and then returning home and telling his wife about it. He sold nearly all the family furniture in order to secure funds to purchase presents for his affinity. The suit was not contested, the defendant even failing to appear and make a defense against the charges.

HEINZE SCORES WHEN INDICTMENTS ARE QUASHED

By Associated Press.
NEW YORK, May 9.—F. Augustus Heinze, former president of the Mercantile National bank, charged with misapplication of the funds of the bank, and overcertification of checks of Otto Heinze and company, his brother's firm, scored again today when two of the three indictments against him were dismissed and withdrawn. Judge Hough dismissed one on the motion of the defense, while the other, in which only one count remained, was nolle prossed at the request of the district attorney. Both were returned in 1910. This leaves only one indictment remaining which was returned in 1908. It contains thirty counts, fifteen of which allege the misapplication of \$500,000 over-certification. The prosecution rested the case today. The defense will open tomorrow.

BALLOONISTS TRY FOR LONG DISTANCE RECORD

By Associated Press.
QUINCY, Ill., May 9.—To establish a new long distance balloon record, A. Holland Forbes, holder of the Lahm cup, and J. C. Yates, an astronomer of New York, this evening ascended in the balloon Viking.

ELKS WIN THE BASEBALL GAME FROM EAGLES

ANTLERED TRIBE SCORE THIRTEEN RUNS TO EAGLES TWELVE.

By a score of 13 to 12 the Elks defeated the Eagles Sunday afternoon in one of the most interesting games of baseball ever witnessed on the local diamond. It is true that the teams had not indulged in hardly any practice, but this did not prevent a number of sensational plays.

About the only one who played an errorless game was Umpire Puddy Grimes, who took to the woods as soon as the game was over. Pud Hatton, who played shortstop, second base, third base and several other positions for the Elks, was the hit of the season, and when he made several difficult catches, he was rewarded by tremendous applause from the well filled grand stand.

The Elks started off with a good lead, which in the seventh inning was tied. In the eighth a rally brought in four runs and in the last inning the Eagles came within six inches of again tying the score. A wonderful throw by Loring from left field sufficed to keep the game from going ten innings or more.

As an aftermath of the contest there were eighteen players about town yesterday that were hardly able to walk. Newt Crumley sprained his ankle during the first inning but did not notice it until after the game was over. Another casualty was the soiling of a brand new glove by Hugh Thatcher who caught a beautiful fly in deep center.

Fresh buttermilk at the Tonopah dairy. 5-4-11.

THOUSAND DEAD TAKEN FROM RUINS OF CARTAGO

By Associated Press.
SAN JOSE, Costa Rica, May 9.—More than a thousand dead have been taken from the ruins of Cartago. No one is allowed within the precincts devastated except the Red Cross workers, gangs of soldiers and volunteers who are employed in clearing away the debris, removing the bodies and dynamiting the dangerous buildings. Most of the survivors of the earthquake are now at San Jose. Medicine and food from American warships are being rushed from Port Limon. The village of Cat is reported totally destroyed and the village of Entero Rios partially destroyed.
